

COLOR GUIDE

All Everidge Brand walk-in exteriors are, as standard, are a tough stucco embossed metal, with a factory baked-on polyester coating, that provides years of maintenance free service. We also offer a wide range of color options, making it easy to select a finish that complements your building's color scheme.

Thunder Grey (34)

NATURAL METALS

Due to their beauty, durability & time-proven performance, natural metals are a preferred material used in architecture. Natural metals will weather & patina naturally over time, adding character & aesthetic appeal to any building design. In addition to natural metals, We offer 55% Al-Zn alloy coated steel with acrylic coating & anodized aluminum as standard available materials.

Clear Satin Anodized (70)

Dark Bronze Anodized (71)

55% Al-Zn Alloy Coated Steel with Acrylic Coating (97)

Copper (49)*

Classic Stainless Steel (40)*

Tin Matte Stainless Steel (41)*

Grey Zinc (50)*

Dark Zinc (51)*

BlackMatt Anodized (67)*

LA Extra Dark Bronze Anodized (66)*

WOODLAND SERIES*

Add the warmth of wood with the durability of metal to your next project. We offer four classic woodgrain patterns with a 70% PVDF coating. Available in .032 aluminum.

Birch (57)

Driftwood (53)

Bamboo (81)

Walnut (55)

4K FINISHES

The Everidge 4K Finish is a high-definition printed metal surface that replicates natural textures like wood grain or brick, delivering a premium, realistic aesthetic for walk-in units. The finish is applied to a cold-rolled steel base with a Galvanized/Calvalume® coating, followed by pretreatment, primer, top coat, high-definition image, & an electron beam protective clear coat for long-lasting protection.

4k Rough Sawn Grey Cedar

4k Rough Sawn Bronze Cedar

4k Aberdeen Brick Red

4k Distressed Rough Sawn Cedar

4k Aberdeen Brick White

4k Canyon Ledgestone

4k Acadia Ledgestone

*Stock colors & materials are available, with pricing & availability dependent on project specifics. Special materials & custom colors can be quoted upon request. Color chips are required for all custom color selections, & lead times begin once color chip approval is received. Availability depends on material, gauge, & profile; if you need options beyond those shown, please contact us. All colors are produced under strict industry tolerances; however, batch-to-batch variations may occur, so care should be taken when mixing lots. Everidge reserves the right to modify or discontinue products without notice. Stainless steel products are provided by ROOFINOX®.
