

## REPLACEMENT DOORS FROM CROWNTONKA

### When one door shuts another one opens. If your walk-in door does neither, call CrownTonka.

Does the door on the left look familiar? Cooler and freezer doors really take a pounding from hand trucks, fork lifts, pallet jacks, ice build up and every day use. Damaged and ill fitting doors can compromise cooler and freezer efficiency, promote the growth of harmful bacteria, reduce operational efficiency and even create a health & safety hazard.

CrownTonka replacement doors help reduce energy costs, counteract bacterial growth, improve access and prevent workplace accidents. Ordering and installation could not be simpler and Crown Tonka replacement doors are designed to fit any manufacturers' coolers and freezers.

#### HEALTH & SAFETY

- Prevent workplace accidents
- Improve operator efficiency
- Avoid unsanitary conditions

#### COST SAVINGS

- Reduce energy usage
- Extend product life of perishables
- Fast payback

#### SIMPLE INSTALLATION

- Pop out the old
- Pop in the new
- Fits any manufacturers' walk-in

# REPLACEMENT DOORS
