

COLORS AND FINISHES

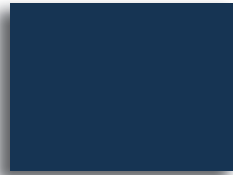

As standard, our walk-ins have a galvanized steel finish, which may be supplied with a white, black or almond paint finish. We also offer a wide range of optional finishes and paint colors, helping you customize your walk-in to meet certain specifications.

COOL COLORS FOR SMART WALK-INS

Our cool pigment paints reflect infrared radiation, maintaining the quality of the color finish, while keeping the walk-ins' base material cooler.

Our finishes carry a limited warranty against chalking and fading. They are non staining, with surface residue easily removed with conventional cleaning solvents and detergents, making them virtually maintenance free. Minor scratches and abrasions may be covered by an air dry touch up coating of the same color.

Please contact us for any special colors and finishes not included in this literature.

Proud to be family-owned.
