

Walk-in Cooler Makeovers Any Brand From Start to Finish

Does your walk-in
look like this?

Extreme makeover can
make it look like this

Damaged walk-ins promote the growth of harmful bacteria, that cause food spoilage and also increase your energy bills. Now, it is easy to restore any manufacturer's walk-in, any brand - we handle it.

7 Easy Steps to an Extreme Makeover

- 1 Call your ICS foodservice rep at the number below. They will walk you through the process
- 2 Take photos of your current unit, showing each surface, outside and inside
- 3 We work with you to evaluate what you need to repair
- 4 We estimate the cost
- 5 Our certified installers measure your existing unit
- 6 New parts are manufactured to your specification
- 7 Our certified installers replace all of the parts

Building or remodeling a store?
We also offer new walk-in packages.
