Model: TVS4220 ThermalRite Vacuum Sealer 16.5" Bar

Standard Features

The ThermalRite Vacuum Sealer are reliable tabletop vacuum sealing machines, to meet most medium to high volume portion control, product storage and food service needs. By providing a practical and economical way of storing food in liquid, solid or cream form, it can extend the shelf life by up to 5 times longer than conventional cooling or freezing methods.

Vacuum Sealer

- Tabletop model with a stainless steel housing and single 17" x 17" x 9" chamber.
- Transparent easy opening domed lid, to allow monitoring of functions.
- Deep drawn chamber with rounded corners, for easy clean up.
- Accommodates bags up to 16 1/2" wide.
- Includes 3 polyethylene insert plates to maintain proper height for sealing.
- Vacuum cycle of 20 – 40 seconds.
- Simple to operate electronic controls, can store up to 20 additional programs.
- 6' long cord and plug for grounded receptacles.
- Pump and oil cleaning cycle.
- Can vacuum seal in approved containers.
- Soft vacuum capabilities allow sealing of sauces and creams.
- 1 year warranty on parts and labor.
- Manufactured with the environment in mind.

Options

- Printer Kit.
- Multiple sizes of storage and cooking bags.
